- **Libraries:** ReactJs(Hooks, Context API, Redux),
- **Frameworks:** Bootstrap5, TailwindCss.
- **Packages Managers:** Npm, Yarn.
- **Version Control System:** Git,Github.
- **APIs & Integration:** Restful API, RTK Query.
- **Backend Technologies:** NodeJs, ExpressJs, MongoDB.
- **Soft Skills:** Problem-Solving, Responsive Design, Collaboration & Teamwork, Communication Skills, Attention to Detail

Projects

Project - 1

- Role   : Frontend
- Project Name : E-commerce-Website
- Project Type : Dynamic Web Application
- Tools Used : ReactJS , Bootstrap5, React Icons, React-Router-Dom Axios Library.

Project - 2

- Role   : Frontend
- Project Name : School Portfolio-Website
- Project Type : Dynamic Web Application
- Tools Used : ReactJS , Bootstrap5, React Icons, React-Router-Dom Axios Library.

Professional Qualification

- **Expertise in React.js Development:** Demonstrated experience in developing dynamic and responsive user interfaces using React.js, focusing on enhancing user experience and performance.
- **Front-End Component Implementation:** Proficient in implementing front-end features and reusable components, ensuring a seamless and intuitive user experience.
- **API Integration:** Skilled in integrating front-end applications with back-end services, utilizing RESTful API methods such as GET, POST, UPDATE, and DELETE for efficient data management.
- **Collaboration and Teamwork:** Experience in collaborating closely with designers and back-end developers to achieve cohesive and functional applications, ensuring all components are fully integrated and work harmoniously.
- **Code Debugging and Optimization:** Adept at debugging and optimizing code to improve application performance, leading to enhanced user experiences and more efficient applications.
- **Version Control Proficiency:** Competent in using Git for version control, enabling efficient project management, collaboration, and maintaining consistency across the development team.
- **Code Quality Assurance:** Active participation in code reviews, contributing to maintaining high code quality and consistency throughout the development lifecycle.
